

Following a recent membership review it has been decided to introduce a temporary suspension once again on new membership applications until we have an indication of membership numbers following the next membership renewal.

This temporary suspension relates to all Membership Categories, excluding our Junior and Adult Academy (Stage 1) Memberships which exclusively has use the Academy short course, applications for these categories will not be affected.

This decision is based on the continued unprecedented high uptake of new memberships applications and taking into consideration reports of our tee time utilisation rates.

Applications for new memberships are still invited and will be processed for all categories, these will go into our pending category and will then be awaiting a placement, no payments will be required at this point. We will keep in regular communication with new members awaiting membership offering regular updates on the progress of their application.
