The final transitional stage of our Adult Membership pathway sees us offer the inspirational opportunity for golfers to progress into an unlimited, unrestricted membership utilising the main course. This will be a one year only opportunity to allow golfers to settle into becoming a member of Bromsgrove Golf Centre before moving into one of our conventional Club Membership categories for the following renewal. The Silver Category mirrors the conventional Silver Category, offering unlimited golf Monday - Friday with just a marginally reduced priority booking of 14 days. This mid-week offer suits players who can be more selective when they play. The Gold Category with unlimited golf all week, including weekends, again just with a slightly reduced priority tee booking of 14 days.

This stage of membership offers all the benefits of all earlier stages of the adult membership pathway with the additional benefits of:

- the opportunity to play in adult events and club competitions
- the opportunity to be selected to play matches for the various adult teams within the club
- the opportunity to gain a WHS Handicap as an affiliated member (affiliated members fees include a union fee which is collected on behalf of England Golf to obtain an official handicap)

Our Golf Academy and recruitment team here @BGC sees this as a vital stage of pathway allowing golfers to be placed on the runway to accustomed conventional memberships and highly recommends this membership to all golfers that have the competence and confidence to integrate into play at the more popular times on the fabulous main course.
